

# **BAS SCHOLARSHIP 2014 - 2016**

**FEW MONTHS AGO  
NONE OF US  
BELIEVED IT COULD  
HAPPEN.....**

**BUT WE DECIDED TO  
HAVE A GO AND DO  
OUR BEST.....**

**AND WE MANAGED TO  
MAKE USE OF OUR  
CHANCES!**

**NOW, WE ARE GOING  
TO CONTINUE OUR  
EDUCATION IN  
PRESTIGIOUS  
SCHOOLS IN ENGLAND**

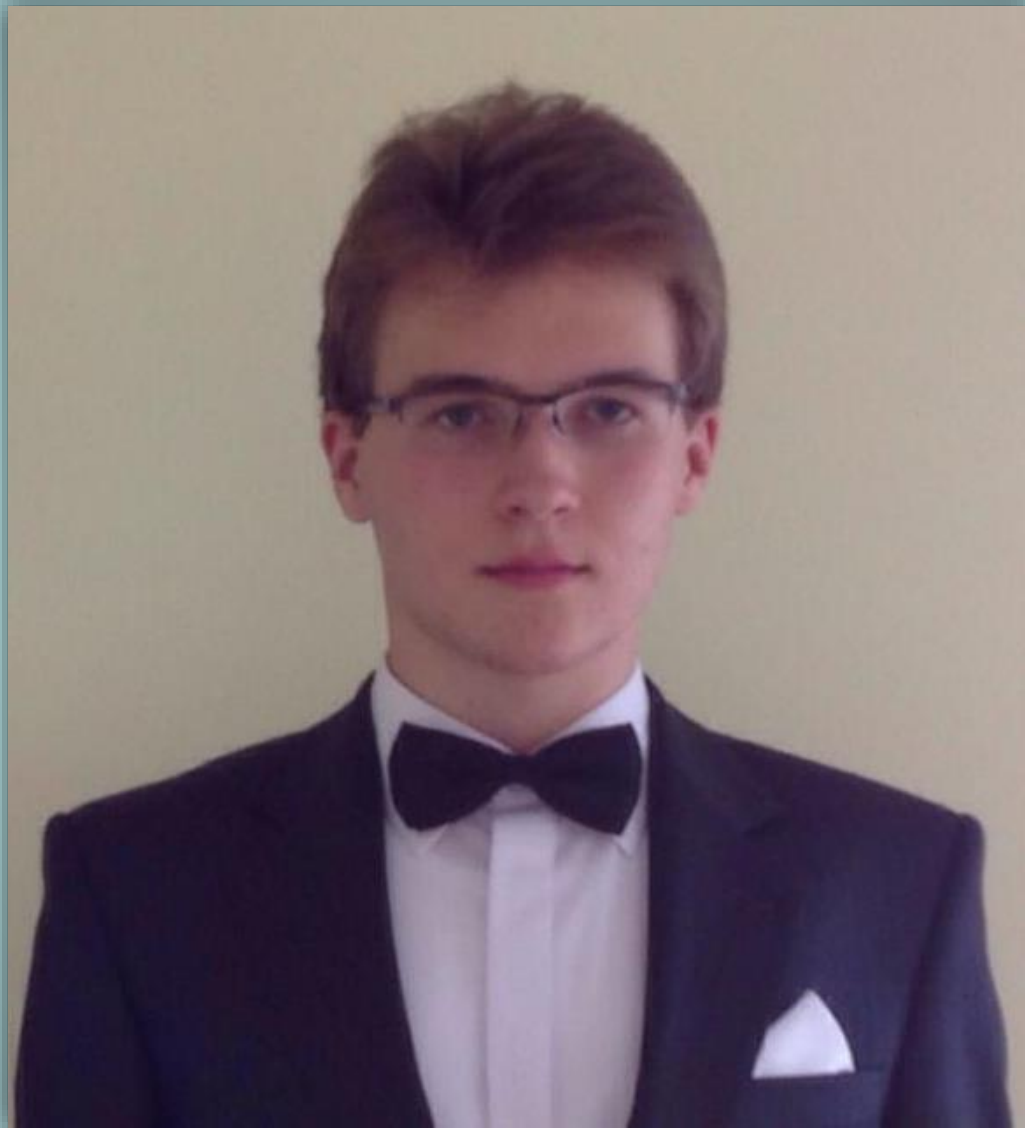

**BUT FIRST LET US  
INTRODUCE  
OURSELVES...**

# Michał Andrzejewski

- Awards in many English contests: English High Flier, Fox, Oxford contests etc.
- Other awards in Geography, Physics and Chemistry

Ania:

- The President of School Students' Council
- Laureate of Polish Language Competition for Middle School Students organised by Educational Board

**WE ALSO HAVE BRAVE  
PLANS FOR THE  
FUTURE....**

January:

I want to become a **doctor**

Karolina R.:

I love Earth. It's the most valuable of all goods we have. I believe I'll have my own non-profit organization which will work for protecting environment and raising awareness in people. In the future I'd like to study **medicine** and to work at the university as a **scientist**.

Paulina:

I would like to **travel** around the world in the future. My biggest dream is to become a **doctor**.

Alicja:

I am future **biotechnologist** (at least that's the plan for now) but secretly want to be a **literature teacher**. I also believe that I will build my own **city-state** in the future.

Marta:

I would really like to study **Medicine** at one of the British universities and, in the future, become a **doctor** to help ill people.

Ania:

My major goal is to work for and **with other people**. In the future I would like to become a **diplomat**.

Marysia:

My future job will be connected with **Maths**, **Physics** or **Computer science**. Moreover, I would like to continue making movies, so I consider **direction** as a second degree course.

Michał T.:

I would like to study **Law** or **Economics** at Ivy League university.

Michał A.:

I could be a scientist because of my interests ~ **Science** and **Chemistry**. I am also interested in **Politics** that is very connected with **Economics**.

Karolina P.:

In the future I would like to become a **doctor** and work for **UNICEF** or **WHO** because I enjoy helping people and changing the world. I claim that not only knowledge is important in life but the art of being a good human – it is the best way to happiness. And it works!

Ada:

I want to become an economical journalist. I would also like to continue deepening my knowledge connected with foreign languages and Psychology as well as lecture for students. I will set up organisations that aim to help young people in making their dreams come true.

Marta:

I would really like to study **Medicine** at one of the British universities and, in the future, become a **doctor** to help ill people.

Tosia:

In the future I would like to combine and develop my passions: **science, medicine and education**. I hope my work will help other people.

Matylda:

In the future I would like to have a job connected with my favourite subjects – **Maths, Biology and Chemistry**. Because of that I am considering **Biotechnology, Oceanography and Seismology**.

**WE HOPE YOU GOT TO  
KNOW US WELL AFTER  
THIS PRESENTATION. WE  
PROMISE WE WON'T  
SQUANDER OUR CHANCES  
AND WE WILL SHOW THAT  
ACCEPTING US FOR BAS  
SCHOLARSHIP WAS  
REALLY GOOD DECISION!**

**THANK YOU FOR  
WATCHING!**
